### YOUR AIRDAEYA MATCH

KASAANDRA CURIS CASMORLAID

Hark, brave soul, for your spirit echoes the unwavering clang of a master's hammer!

### WHY YOU ARE KINDRED SPIRITS

Your answers sing of a spirit fiercely independent, one who shuns restrictive traditions, just like Kasaandra who forged her own path when denied her craft; your greatest joy, like hers, comes from creating tangible treasures with your hands, leaving a legacy unheard of. You, too, value the grit of survival and find true sanctuary with your chosen family, ready to shield them from any storm, mirroring Kasaandra's gruff but unwavering loyalty to her valore. You fear losing control, much like Kasaandra navigates her battle euphoria, always striving to master your circumstances.

### YOUR UNIQUE SPARK

Where Kasaandra might harrumph, you possess a trailblazer's heart, seeking not just the creation but the recognition that celebrates the new paths you carve, making your works treasured legends throughout Oram. Your intuitive longing to understand the hidden languages of living things adds a layer of sensitive wisdom, sensing the unspoken rhythms of the world around you.

### A TASTE OF AIRDAEYA

Ah, popcorn! In Airdaeya, Kasaandra would likely eye those magically popping kernels with a suspicious grunt, then demand to know the exact smithing process that turns hard seed into fluffy clouds. Perhaps it would be known as 'Dragon's Breath Blossoms,' a fiery snack found only near the Drakkaen Nakkla's ancient lands, perfectly embodying your adventurous spirit and quick adaptation!
